Description:

The RF + Push AC phase-cut dimmer with single channel output makes it easy to dim and switch single colour dimmable LED Lamps & Fittings, traditional incandescent & halogen lamps.

Compatible with Leading & Trailing Edge dimming which can be changed by using the dip switch. Connect with external push switch to achieve on/off and dimming function. Minimum brightness set by key.

One MLS1B receiver can transmit the signals from the remote to another receiver within 30m. As long as there is a receiver within 30m the remote control distance can be limitless.
